Titan Company - Q3 FY26 Earnings Conference Call

Moderator: Ladies and gentlemen, welcome to the Titan Company earnings conference call for Q3 FY26.

Managing Director: The festive quarter was strong. We expect to close FY26 with revenue growth of around 20%, supported by wedding demand and new store additions.

Chief Financial Officer: We expect EBITDA margin for FY26 to be in the 11% to 11.5% band despite gold price volatility.

Analyst A: How are you managing gold price volatility?

Chief Financial Officer: We continue to use gold metal loans to hedge inventory; these are reflected in borrowings and will rise with inventory.

Moderator: That concludes the conference. Thank you for joining.
